# TRAINING

FOR ADVANCED RUNNERS OF SCSM

---

Generic training plans for advanced runners of  
10k, half marathon and marathon.

# INTRODUCTION

## Introduction

Thanks for downloading this training programme to help you prepare for Standard Chartered Singapore Marathon. We have put this plan together to progressively prepare you for the demands of the event.

Please note that this is a generic training programme. We don't know your background, current fitness level, schedule, or anything else about you. As such, this is a basic guide.

## About Coached. Our Official Coaching Partner

Coached is a personalised training programme that helps you optimise, track, and enjoy your training.

If you're interested in more personal, detailed, and supported training, we encourage you to **sign up for a 14-day free trial of our online run coaching**.

During your trial, we'll set up a personalised training plan for SCSM, set training zones for heart rate and pace, and arrange a 15-minute Zoom Call to meet and discuss your training plan.

## 10KM TRAINING GLOSSARY

Intensities	Specifics
<p><b>Z1 = Zone 1: Easy</b> Run at an Easy effort or ideally to your Easy heart rate zone.</p>	<p><b>A = Accelerations</b> Gradually build your effort from Zone 1 to Zone 4. Complete 3 to 6 x 20 seconds reps with 40 second Zone 1 jog between.</p>
<p><b>Z2 = Zone 2: Steady</b> Run at a Steady effort or ideally to your Steady heart rate zone.</p>	<p><b>Hi = Hills</b> Run zone 2 over a course of rolling hills.</p>
<p><b>Z3 = Zone 3: Mod Hard</b> Run at a Mod Hard effort or ideally to your Mod Hard pace zone.</p>	<p><b>Hr = Hill Reps</b> Run Zone 4 up a gradual incline. Complete 3 to 6 x 200m. Jog Zone 1 or walk down the hill to recover.</p>
<p><b>Z4 = Zone 4: Hard</b> Run at a Hard effort or ideally to your Hard pace zone.</p>	<p><b>Sp = Speed</b> Run 5 x 4 minutes Zone 4 in the middle of your run. Run Zone 1 for 2 minutes between each rep.</p>
<p><b>It's critical you know your training zones</b> To determine training zones for heart rate and pace, you need to test. Formula's won't cut it.</p> <ol style="list-style-type: none"> <li>Lactate Testing. Read, <a href="#">A Simple Guide To Lactate Testing</a>.</li> <li>FTP<sub>a</sub> Testing. Read, <a href="#">Why Functional Threshold Pace Testing Is Useful (And How To Do It)</a></li> </ol>	<p><b>T = Tempo</b> Run 3 x 6 minutes Zone 3 in the middle of your run. Run 2 minutes Zone 1 between each rep.</p>
	<p><b>C = Course</b> Run Zone 1 or Zone 2 over part of the racecourse or a terrain similar to the racecourse.</p>
